

Zilla® Zip® Flashing Assembly

Overview

US Pat. 8,448,405 • ZZFA-AL BLK / ZZFA-AL MF

The Zilla® Zip® Flashing Assembly is a code compliant Single-Bolt Flashing Assembly featuring a waterproof seal and minimal parts for a quick, simple and safe install. It's strong and durable, designed to outlast the components you place upon it, and carries a 25 year limited paint warranty.

Economical

The Zilla® Zip® Flashing saves you money, requires minimal tools, less installation time, and eliminates call backs. Zilla® Zip® products allow you to minimize on-site labor and start putting those labor dollars in your pockets.

Simple

The Zilla® Zip® Flashing utilizes minimal parts that are easy and quick to install.

Fast

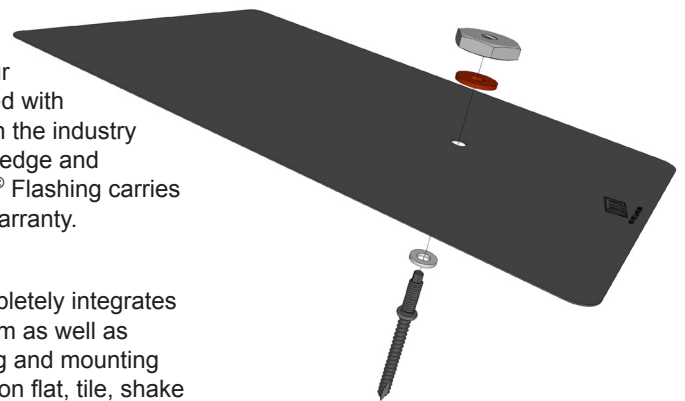

The Zilla® Zip® Flashing comes as a pre-packaged system that takes less than a minute to install and is designed to outlast the components you place on it.

Reliable

The all-in-one Zilla® Zip® Bolt creates a waterproof seal, blocking out elements. The Zilla® Zip® Bolt has a lab-tested withdrawal strength of 3,670 lbs. Our Zilla® systems are backed with decades of experience in the industry providing you with knowledge and expertise. The Zilla® Zip® Flashing carries a 25 year limited paint warranty.

Versatile

Zilla® Zip® Flashing completely integrates with the Zilla® Rac system as well as industry standard racking and mounting systems. It can be used on flat, tile, shake wood, metal, and asphalt roofs or walls. The Zilla® Zip® Flashing is aesthetically pleasing, low profile, and provides seamless integration.

Available in: **Mill** or **Black**
