

# Zilla® Rac Pac® (Universal Modular Rail Mounting Kit)

## Overview

ZRP-BLK / ZRP-MF

Designed for maximum speed, value and performance.

Flashing / connection sold separately

### Cost-saving Design

The Zilla® Rac Pac® is designed for maximum economy and efficiency. The Rac Pac® ships in conveniently-sized packages making it easy to handle and transport to your project. The Zilla® Top Clip is UL 467 listed for module-to-module and module-to-rail grounding, using less equipment for your install. The Rac Pac® saves on project costs by the time it arrives at the job site.

### Ease of Application

The Zilla® Rac Pac® is designed to provide universal modular mounting for standard 60 and 72 cell modules. The Zilla® Quad Combo is strong, lightweight, versatile and ideal for flush mount installations. The Zilla® Top Clip mounts from above minimizing the number of parts and maximizing installer access to the clip. The Zilla® End Clip XL is equipped to fit framed modules between 26mm and 52mm\*.

Zilla® Splice Assembly is a quick and easy two bolt application that provides a strong end to end connection between rails.

\* Note: Zilla® End Clip XL and Zilla® Top Clip can be modified with longer hardware to secure thicker modules.
